

STRATEGIC THINKING, PLANNING AND FACILITATION MASTERCLASS

Executive Development Courses

COURSE 1

STRATEGIC THINKING

This course enables participants to achieve better clarity of purpose for themselves and their teams, resulting in greater self-motivation, stronger cohesiveness, sharper focus and consistently better results. It develops a more strategic outlook that translates into productive and effective actions and more sustainable long-term results. Participants will make better decisions based on stronger logic and a more complete, holistic view, while improving collaboration, reducing conflict, increasing output and strengthening problem-solving ability.

COURSE 2

CERTIFICATE OF COMPETENCY IN STRATEGIC PLANNING

Participants are guided through the 10-step Haines Model of Strategic Management using Systems Thinking: prepare to begin; envision the preferred future; define key success measures; assess the current state; develop core strategies; develop three-year business plans; develop annual plans and strategic budget; prepare to implement; drive implementation and transformation; and conduct annual strategic review and updates.

COURSE 3

MASTERCLASS CERTIFICATE IN HAINES STRATEGIC PLANNING FACILITATION

A Haines Masterclass in which participants attend an intensive immersion and boot camp to demonstrate mastery of the topic and acquire deeper knowledge and competency. The Haines expert facilitator provides feedback on performance and assesses understanding. Haines certification is awarded upon completion. Course 1 and Course 2 are compulsory prerequisites for Course 3.

THINK • PLAN • FACILITATE

A progressive series combining strategic thinking, strategic planning and facilitation skills to build leaders in all organisations.

“Excellent delivery of knowledge and effective in setting participants to improve way of thinking.”

Workshop Participant

“Excellent knowledge on the topics. Very fun, proactive, interactive and straightforward; therefore easy to understand.”

Workshop Participant

““Good environment for learning and easy-to-understand lecturers, talking in local context.”
